

Dear Ladies and Gentlemen,

We cordially invite you to our first Bronchiolitis Obliterans (BO) Symposium which will take place on 5th and 6th February 2016 in Schloss Johannisberg and ask you for your scientific support.

The goal of our foundation is to help children and their families suffering from a [rare, chronic lung disease](#). We focus on the treatment of children and adolescents with [bronchiolitis obliterans](#) (BO). Our goal is to create an international network to exchange and publish scientific knowledge on BO as new therapies are desperately needed.

We especially invite young scientists to present their research. Please send us your poster presentations. We are endowing a BO-Poster-Prize of 250,- Euro.

Stand up for rare lung diseases and meet us during our first BO-Symposium,

We look forward to meet you,

Julia & Frank Fischer
