Informations for Patients

The Interdisciplinary Center for Neuroendocrine Tumors of the GastroEnteroPancreatic System (GEPNET-KUM) at the University of Munich introduces itself

Appointments for Outpatient Office
Specialized GEPNET Outpatient Office
Tel.: +49 / 89 / 4400-72520 / or -73003

Appointments and Contact GEPNET-KUM
Tel.: +49 / 89 / 4400-72520 / or -73003
Fax: +49 / 89 / 4400-75514
Email: gepnet-kum@med.uni-muenchen.de

Contact persons:

Prof. Dr. med. Christoph Auernhammer
Deputy of the GEPNET-KUM center
Medizinische Klinik und Poliklinik IV
christoph.auernhammer@med.uni-muenchen.de

Prof. Dr. med. Christine Spitzweg
Co-Deputy of the GEPNET-KUM center
Medizinische Klinik und Poliklinik IV
christine.spitzweg@med.uni-muenchen.de

PD Dr. med. Christian Schulz
GEPNET Coordinator Gastroenterology
Medizinische Klinik und Poliklinik II
chr.schulz@med.uni-muenchen.de

Prof. Dr. med. Stefan Böck
GEPNET Coordinator Oncology
Medizinische Klinik und Poliklinik III
stefan.boeck@med.uni-muenchen.de

Prof. Dr. med. M.K. Angele
GEPNET Coordinator Surgery
Klinik für Allgemeine, Viszeral-, Transplantations-, Gefäß- und Thoraxchirurgie
Leitung Onkologische Chirurgie
martin.angele@med.uni-muenchen.de

Dr. med. Andrei Todica
GEPNET Coordinator Nuclear Medicine
andrei.todica@med.uni-muenchen.de

PD Dr. med. Christine Schmid-Tannwald
GEPNET Coordinator Radiology
Institut für Klinische Radiologie
christine.schmid-tannwald@med.uni-muenchen.de

Prof. Dr. med. Thomas Knösel
GEPNET Coordinator Pathology
Pathologisches Institut der Universität München
thomas.knoesel@med.uni-muenchen.de
The University Hospital at the University of Munich focuses expertise in patient management and translational and clinical research in oncology at the Comprehensive Cancer Center CCCLMU.

(Link: http://www.klinikum.uni-muenchen.de/CCCLMU-Krebszentrum-Muenchen/de/)

The Interdisciplinary Center for Neuroendocrine Tumors of the GastroEnteroPancreatic System (GEPNET-KUM) at the University of Munich is one of the approved centers of the Comprehensive Cancer Center CCCLMU

(Link: http://www.klinikum.uni-muenchen.de/CCCLMU-Krebszentrum-Muenchen/de/zentren_ccc/neuroendokrine/index.html)

and has been certified by the European Neuroendocrine Tumor Society (ENETS) as a Center of Excellence (http://www.enets.org/excellence.html).

The Interdisciplinary Centre for Neuroendocrine Tumours of the Gastroenteropancreatic System at Munich University Clinic (GEPNET-KUM) is a centre striving to provide top notch optimal and integrated medical health care for patients with neuroendocrine tumors of the gastroenteropancreatic system. The centre shall not only use state of the art diagnostics and therapeutics – it will also offer the most innovative and recent diagnostics and therapy options from different disciplines. In this way, translational knowledge and clinical research shall be used for the benefit of patients.

The following tumor entities are treated at the Interdisciplinary Center for Neuroendocrine Tumors of the GastroEnteropancreatic System (GEPNET-KUM) at the University of Munich:

Neuroendocrine Tumors derived from the GastroEnter-Pankreatic System; primary tumor location can be found in the small intestine (jejunum/Ileum), the pancreas, the appendix, the colon, the stomach, the duodenum or the rectum. Frequently diagnosis is established by liver metastasis; the primary tumor is sometimes unknown (cancer of unknown primary, CUP).

The following tumor entities belong to the neuroendocrine neoplasias / neuroendokrinen tumors:

- Neuroendocrine Tumor
- Neuroendocrine Carcinoma
- Carcinoid
- Goblet cell Carcinoid
- MANEC
- Functionally active neuroendocrine tumors, with clinical syndromes, e.g.:
  - Carcinoid-Syndrom
  - Insulinoma
  - Gastrinoma (Zollinger-Ellison-Syndrome)
  - VIPoma (Werner-Morrison-Syndrome)
  - Glucagonoma

Familial tumor syndromes with genetic background for neuroendocrine tumors, e.g.:

- Multiple Endocrine Neoplasia Type 1 (MEN 1)
- Von-Hippel-Lindau Syndrome (VHL)

All international established procedures for the diagnosis and treatment of neuroendocrine tumors are provided at the Interdisciplinary Center for Neuroendocrine Tumors of the GastroEnteropancreatic System (GEPNET-KUM) at the University of Munich:

Examples of diagnostic procedures at the GEPNET-KUM:
- $^{68}$Ga-DOTATATE-PET/CT
- $^{18}$F-FDG-PET/CT
- MRI protocols optimized for GEPNET diagnostic
- CT protocols optimized for GEPNET diagnostic
- contrast enhanced ultrasound sonography (CEUS)
- Endoscopy
- Endosonography (EUS) and EUS-guided biopsy
- Sonography- or CT-guided biopsy
- Endocrine testing
- Genetic counseling and diagnostic

Examples of therapeutic procedures at the GEPNET-KUM:
- Endoscopy – mucosal resection (EMR) und submucosal dissection (ESD)
- Visceral Surgery – all established laparoscopic and open surgical procedures, hepatobiliary surgery, intestinal surgery, pancreatic surgery, oncological surgery
- Interventional Therapies – Radiofrequency ablation (RFA), Transarterial embolisation and chemoembolisation (TAE and TACE)
- Nuclear Medicine - Peptid-based RadioReceptorT-therapy (PRRT) with $^{177}$Lutetium-DOTATATE and Selective Intraarterial Radiotherapy (SIRT) with $^{90}$Yttrium-Mikrobeads
- Oncology – Biotherapy, Chemotherapy, Molecular Targeted Therapy
- External Radiation
- Supportive Therapies – Nutrition, Pain Therapy, Palliative Therapy, Psychooncology
