The University Hospital of Munich with around 10,000 employees is one of the largest and most efficient university hospitals in Germany and Europe. 48 specialist clinics, departments and institutes, with excellent research and teaching, enable patient care at the highest medical level.

The Institute for General Medicine (director: Prof. Dr. Jochen Gensichen) is looking at the earliest possible date if desired, part-time for

Medical staff (m/f/d)
Institute for General Medicine

Your scope of duties
You plan according to your individual area of interest the teaching doctrine and/or clinical research in our team:

- As teaching doctrine coordinator (with an assistant) you are responsible for the further development of education, training and continuing education in General Medicine.
- As study physician you plan, design and implement clinical studies and research projects on mental health and pharmacotherapy in outpatient care, among others.

Our expectations
- A very good university degree in Medicine
- Specialist or advanced clinical training
- Preferably Master in Public Health/Epidemiology or similar
- Desirably experience in conducting scientific studies in outpatient setting
- Preferably experience in the statistical interpretation of clinical studies
- Initiative, structured work, perseverance, sense of responsibility and ability to work in a team
- Your motivation to be an active participant in the development of the Institute

Our offer
We offer you an inter-professional team, the infrastructure of a university of excellence, international cooperation, varied tasks and creative freedom in the heart of Munich. A personal interaction characterizes our working style. We support you in your career path (including dissertation, master courses, habilitation). We support your part-time work and/or combinations with clinical activities, e.g. in a hospital or in cooperating practices. Contracts are initially limited to two years, but are to be converted into long-term contracts. Remuneration is in accordance with the applicable collective bargaining regulations (TV-Ä).

Recruitment is carried out in accordance with the provisions of higher education law applicable to fixed-term employment contracts.

Severely handicapped applicants will be considered preferentially if their qualification is otherwise essentially the same. Unfortunately, interview costs cannot be refunded. For further information, please contact Mr. Prof. Dr. Jochen Gensichen.

When sending your application by e-mail, please note that with this your data is not encrypted and may be transmitted by unauthorized persons so it can be noted or even falsified. You are welcome to send us your documents by postal mail.

Please send your application as soon as possible, quoting the reference number 2020-K-0110 to:
