The time management of the course was good.
The course was interesting.
The contents of the course were relevant for practical situations.
The course had a clear conception.
In this course I learned a lot.
The course fostered my capacity to act.
The course enabled the application of the learned contents in daily life.
The course fostered my analytical abilities.
The course fostered my personal initiative.
The course fostered my expertise in education.
My local needs were addressed during the course.
The african perspective on medical school was considered.

The overall organization of the course was...
The catering was...

I felt comfortable in my group.
It bothered me that the prior knowledge of the group members was unequal.
There was enough time for exchange and discussions with other group members.
I was well prepared for the course.
The atmosphere allowed me to express my criticisms.

Expectations/ problem definition
Working climate in my group
Progress made in my group
My personal learning
Working climate in my group
Progress made in my group
