

## Speaker

61st Research Seminar of the

## Graduiertenkolleg 1202

„Oligonucleotides in cell biology and therapy“ 2010 until 2014

**Charles Dinarello, M. D.**

Professor of Medicine and Immunology  
University of Colorado School of Medicine  
Aurora, CO, USA  
Visiting fellow at CAS<sup>LMU</sup>

CAS<sup>LMU</sup>

Monday 26.11.12\*  
17:00 - 18:30 p. m.

**Interleukin-1 as the master cytokine in autoinflammatory diseases**

Tuesday 27.11.12\*  
15:00 - 17:00 p. m.

**Alpha-1-antitrypsin as a naturally occurring anti-inflammatory agent, not a protease inhibitor**

Wednesday 28.11.12  
18:15 p. m.

**The discovery of IL-1 and its application**  
Location: CAS<sup>LMU</sup>, Center for Advanced Studies  
Seestraße 13, Munich. U-Bahn Münchner Freiheit.  
Please register at CAS<sup>LMU</sup>

Thursday 29.11.12\*  
17:00 - 18:30 p. m.

**The biology of Interleukin-37**

Friday 30.11.12\*  
15:00 - 16:30 p. m.

**Low dose histone deacetylase inhibitors as safe therapeutic options for a broad spectrum of diseases not related to cancer**

\* Location Monday, Tuesday, Thursday, and Friday:

Medizinische Klinik und Poliklinik IV  
Ziemssenstr. 1  
2. Stock, Kleiner Hörsaal

Hosts

Prof. Dr. med. S. Endres  
Abteilung für Klinische Pharmakologie  
Dr. rer. nat. Lena Bouman, CAS<sup>LMU</sup>

Guests are cordially invited.
