

Coming to the **Munich Pediatric Rare Lung Disease Center** for  
Respiratory training and research

We offer help with the preparation of scientifically, high quality and well-argued research projects for the application of fellowships to our group.

Applicants should be actively engaged in research/science/practice that is relevant to respiratory medicine.

Applicants must be postgraduates holding a university degree in the field of respiratory medicine/science, MD, MSc, PhD, MD-PhD, or equivalent (immunologists, biologists, geneticists, biochemists, pharmacologists, chemists, biophysicists, etc.).

Candidates may also be qualified healthcare professionals (non-MD) working in respiratory medicine/health (nurses, physiotherapists, respiratory function technologists, allied respiratory professionals, etc.).

Open to any national. Candidates shall be based in any country in Europe or overseas (except in Germany) and going to DZL site in München (Munich)

Project duration: 12 to 24 months.
