LOCATION

SPONSORS

We gratefully acknowledge support from the following organisations:

WRIST SEQUELAE IN COMPLEX DISTAL RADIUS FRACTURES – OPEN VS. ARTHROSCOPIC TREATMENT

- Acute management of intraarticular fractures
- Early Repair (Ligaments, TFCC etc.)
- Late Treatment Options

DATE AND TIME

Saturday, November 16th 2013
8:30 am to 5:00 pm

REGISTRATION FEE

50.-€ (including coffee breaks and lunch)

Please transfer Registration fee until November 8th 2013 to:

Recipient.: Klinikum der Universität München
Bank: Bayerische Landesbank München
Account: 100 200 40, BLZ: 700 500 00
IBAN: DE 26 7005 0000 0010 0200 40
BIC: BYLADEMM

Reason for payment: 81346014-G Prof. Giunta
It is compulsory to mention the reason for payment!

VENUE

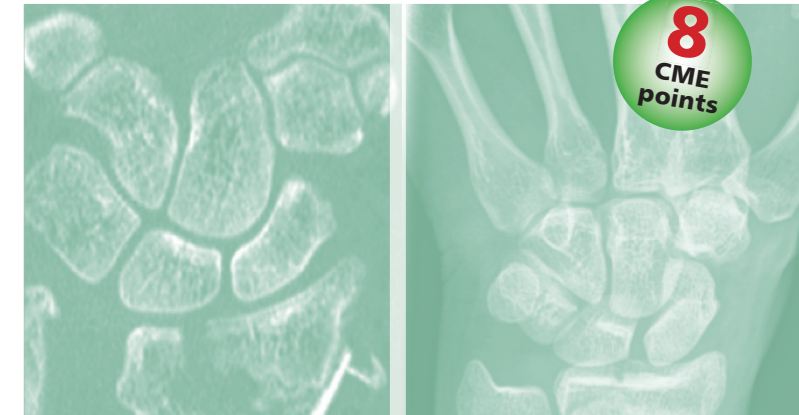

Klinikum der Universität München
Campus Innenstadt
Chirurgischer Hörsaal
Nussbaumstr. 20
80336 München
Germany

CME CERTIFICATE

The meeting has 8 credits of the Bayerische Landesärztekammer.

MUNICH HAND 2013

MEETING

November 16th, 2013

Wrist Sequelae in Complex Distal Radius Fractures – Open vs. Arthroscopic Treatment

Handchirurgie, Plastische Chirurgie,
Ästhetische Chirurgie
Head: Univ.-Prof. Dr. med. Riccardo Giunta
www.handchirurgie-muenchen.com

under the patronage of:

Dear Colleagues,

„Munich Hand“ is our new platform where we provide space for knowledge transfer amongst handsurgeons and handtherapists in Munich and Bavaria.

The meeting will take place in one of the most traditional lecture halls in surgery. The official language is english.

This year we will focus on wrist pathologies following intraarticular fractures of the distal radius. Wrist arthroscopy has become an indispensable tool in primary and secondary treatment of associated lesions of ligaments and the TFCC. The full-day meeting is divided in three sections focusing on arthroscopic vs. open approaches in primary treatment of intraarticular fractures, early treatment of associated lesions and late treatment in malunion and posttraumatic arthritis.

The invited expert faculty promises a most exciting meeting. We hope to meet you in Munich and kindly invite you to join us.

Best regards,

Univ.-Prof. Dr. med. Riccardo Giunta
Handsurgery, Plastic Surgery and Aesthetic Surgery

PROGRAM

- 08:00 Registration
- 08:30 Welcome, Introduction and Symposium concept
Giunta

SESSION 1

ACUTE MANAGEMENT OF COMPLEX DISTAL RADIUS FRACTURES AND ASSOCIATED WRIST PATHOLOGIES

- 08:45 Pathomechanics, Classification and Diagnostic approach to DRF
Engelhardt
- 08:55 Indications for Conservative vs. Surgical Treatment
Leixnering
- 09:20 Management of intra-articular fractures with open repair
Krimmer
- 09:45 Ulna Styloid Fractures
Lukas
- 10:00 Arthroscopically assisted DRF repair
Volkmer
- 10:15 Arthroscopically assisted DRF repair: the complex lesions
del Piñal
- 10:45 Coffee

SESSION 2

MANAGEMENT OF ASSOCIATED LESIONS OF DRF

- 11:00 Management of secondary tendon ruptures
Wallmichrath
- 11:10 Diagnosis and classification of TFCC lesions
Richter
- 11:30 Open vs. arthroscopic repair of TFCC lesions
Lucchetti

- 11:55 Ligamentous Lesions in DRF
Lucchetti
- 12:20 Arthroscopic luno-triquetral ligament
Haugstvedt
- 12:40 Microsurgical Free Partial Joint Transplantations
del Piñal
- 13:00 Lunch

SESSION 3

MANAGEMENT OF LATE WRIST SEQUELAE OF DRF

- 13:55 Arthroscopic vs. open Management of wrist Ganglia
Borisch
- 14:10 Ulnocarpal Impaction Syndrome Arthroscopic vs. open Approach
Haugstvedt
- 14:35 Treatment of Malunions in DRF
Mühdorfer-Fodor
- 14:55 DRUJ Pathologies and Arthroscopic vs. open Approaches
van Schoonhoven
- 15:00 Coffee
- 15:35 The Role of Wrist Denervation in Secondary Arthritis
Rudolf
- 15:50 Partial Wrist Fusions in Posttraumatic Radiocarpal Arthritis
Krimmer
- 16:15 Total Wrist Fusion
Sauerbier
- 16:35 Total Wrist Arthroplasty in Posttraumatic Arthritis
Lautenbach
- 16:55 Conclusions and Farewell
Giunta
- 17:00 End of Symposium

INVITED SPEAKERS / FACULTY

- Nicola Borisch, Baden-Baden
- Timm Engelhardt, München
- Riccardo Giunta, München
- Jan Haugstvedt, Oslo, Norway
- Herrman Krimmer, Ravensburg
- Martin Lautenbach, Berlin
- Martin Leixnering, Wien, Austria
- Riccardo Luchetti, Rimini, Italy
- Bernhard Lukas, München
- Marion Mühdorfer-Fodor, Bad Neustadt/Saale
- Francisco del Piñal, Santander, Spain
- Martin Richter, Bonn
- Klaus Rudolf, Hamburg
- Michael Sauerbier, Frankfurt
- Jörg van Schoonhoven, Bad Neustadt/Saale
- Elias Volkmer, München
- Jens Wallmichrath, München
